LET EVERY MAN REGISTER.

Every respectable voter who desires to be respectfully represented at Washington and in the Territorial legislature should not fail to register during the remaining days of the registration, which closes at Firemen's Hall Saturday night. It is the duty of every man, whatever may be his political faith, to participate in the local elections of the community in which he lives. If an American citizen, and having resided the required length of time, and able to read and write intelligently, he is entitled to the right of suffrage. The law requires every voter, as a condition precedent, however, to record his constitutional right with the Board of Registration thirty days in advance of the general election. There will be no other opportunity to register for two years, and if a county act is submitted to a vote of the people, or county officers to be elected thereunder, those voters who have not qualified during the present registration will be barred from participation in the election then to be held.

THE UNWISDOM OF A CHANGE.

No matter who is elected President of the United States, the government at Washington will continue along present lines and the situation that confronts the voters of this Territory at this time is whether or not we will send to a Republican congress, a Republican delegate who will have the ear and respect of that body or some one who will be required to undergo a two year's probationary period before Hawaii can claim attention. Delegate Kuhio has already established a footing in the National Capital, which is never accorded a Territorial representative until he has served two years or more apprenticeship in the Halls of Congress. Seldom if ever does a newly elected member accomplish all the results for which he aims during his first term. To send a stranger now to Washington to reflect Hawaiian sentiment, means another delay of two years before Hawaii can obtain the recognition which she deserves. Neither candidates Norley or Lanke are known in Washington, and belonging to parties repugnant to Republican progress would have a difficult task in being noticed at all. The far seeing voter will think twice before he votes for a change in our delegate.

WIRELESS AEROGRAMS.

Almost precisely at the same time that the TRIBUNE inaugurated wireless press dispatches for the benefit of its readers the first practical demonstration of wireless telegraphy was being made between the St. Louis Fair and Springfield, Ills. Communication was opened up between the two cities on September 3d, and the Illinois State Journal of Springfield bears the distinction of being the first paper locally to make use of the new means of communication. Numerous aerograms of considerable length were exchanged between this enterprising newspaper and the inventor, Dr. Lee DeForest, who was superintending the trial at the St. Louis station. The State Journal, commenting upon the fact, regards the achievement as "the

birth of a new commercial factor of immense importance to the busy world."

Springfield, Ills., has long been somewhat ahead of the procession in the matter of communication by wire, owing to the competition between rival telegraph companies and because it is the State capital, but it now leads by reason of being the only city in the entire State of Illinois to be equipped with wireless telegraphy service.

We desire to congratulate the Illinois State Journal on its enterprise and business energy in adopting the wireless as a means of communication of news. Wireless telegraphy has long since passed the experimental stage in Hawaii, and no better commentary on its successful operation could be found than the fact that the Hilo TRIBUNE receives each week all the latest foreign and cable dispatches up to the hour of publication.

The Campers Return.

At midnight Friday, Don Bowman and Postmaster Madeira returned from their two weeks' camping expedition on Mauna Kea. The party left here on September 17th and owing to the stress of business, two of the members C. E. Wright and R. T. Guard returned at the end of the first week. The campers slept in a tent in Aiea for four days, but later at the urgent invitation of W. H. Shipman visited his ranch at Puaeo. From here in company with Mr. and Mrs. Shipman the ascent of Mauna Kea was made. A party of twelve, including Master Herbert, Margaret and Johnny Shipman and a guide reached the summit without difficulty. Luncheon was had at the lake inside of the crater. Mrs. Shipman although born on the islands, had never visited the peaks or experienced the exhilarating pastime of snowballing before. The snow in places places was found to be several feet in depth. After the departure of Messrs. Guard and Wright, Madeira and Bowman went into camp at Puaeo, the former home of Rex Hitchcock and later made a two days' stop with Sam Parker, Jr. at Kalaieha. They were present at the round-up and branding, in which Madeira assisted with distinction to himself and without accident to the cattle. They shot quail, plover, pigs and large game about which they tell only when surrounded by a big crowd of listeners. They report game plentiful and their appearance speaks volumes for the bracing effect of the higher altitudes. They experienced considerable difficulty in finding their way down the Kaunama trail without a guide, but reached Hilo safely after fifteen hours' trudging.

Celebrated Eighth Birthday.

Twenty-two little tots were the guests of Master Lyle Holmes on Friday afternoon. The occasion was the celebration of the host's birthday. The spacious pavilion was hung with swings and numerous games kept the young people busy until late in the afternoon, when a sumptuous feast of good things was served. A monster Jack Horner pie caused the most excitement. Each guest was given the end of a string leading into the pie, and at a signal the strings were pulled, discovering a present for each string puller.

A Hello Girl Married.

On Saturday evening in Puaeo, Miss Mary Kekoa for the past three years, the gracious operator at the Hilo Telephone Office and Bonny Rowland, the popular lineman of the Hilo Electric Light Co. were married. Only the relatives and immediate family of the contracting parties were present at the ceremony, after which Mrs. T. M. Rowland tendered the happy couple a pot supper. Mr. and Mrs. Rowland will reside in a cottage in Puaeo.

Adopt By-Laws.

At the meeting of the Hilo Agricultural Society, which met at the offices of Chas. Furneaux on Saturday morning, the organization adopted a constitution and by-laws. For over two years this society has been held together without any governing rules, and at the suggestion of Mr. Furneaux a committee, consisting of Dr. H. Hayes, H. E. Kelsey and Chas. Furneaux, drafted the by-laws, which were adopted last Saturday.

Impossible Chess Move.

The Honolulu chess club sent as their 27th move, R x R. This is an impossible move, as their King's rook is on Queen 7 and their Queen's rook on Queen 3. The local club immediately called attention to the error, and is now awaiting a correct move.

The next meeting of the Hilo Chess Club will be at the home of J. U. Smith tonight.

White Horse

Baseball Accident.

There was a good crowd present to watch the game of baseball played Saturday afternoon between the Union Specials and Beamer Specials. Medeiros tossed the ball for the Union team and Quinn was behind the bat. Martin played twister for the Beamer team and Harry Moto caught the swift charges. There were some good plays, but a disposition on the part of some of Beamer's bats to be ugly by obstructing runners and playing foul. Easton and Tevis were especially objectionable in this role.

In the seventh inning Wery was making for third when Tevis, who is Beamer's third baseman, deliberately gave him a jolt in the chest, knocking the runner down with such force as to render him unconscious. No attempt was made to catch the flying ball, which rolled off into the crowd. Young Wery was immediately carried off the field, and was not brought to again for five hours. He is still suffering from the effects of the knock-out blow. The score follows:

Union Specials..... 1 2 3 4 5 6 7 8 9
Beamer's Specials..... 0 0 1 1 4 1 0 0 9
